

Now begins the phrase that stymies students – a chord progression that leads to the final cadence.

The second system of the musical score for 'The Little Boat' continues the melody in the treble clef. It begins with a half note G4, followed by a quarter note A4, and then a quarter note B4. This is followed by a half note C5, then a quarter note B4, and a quarter note A4. The system concludes with a half note G4. Above the staff, there are fingerings: 'a' above the first G, '4' above the first A, '3' above the first B, 'm' above the first C, 'm' above the second B, and '2' above the second A. Below the staff, there are fingerings: '1' and '4' below the first G, '0' below the first A, '3' and '5' below the first B, and '0' below the first C.

202

Measures forty-six, forty-seven and forty-eight contain no new material and are reiterations of familiar hand shapes from earlier in the piece.

Overall, what have we at this point? Etude Five is a seemingly straightforward exercise with good examples of Sor's lovely compositional hallmarks. What the student must do is complete a twofold mission. The first mission is to master the technical aspects of the piece. Now I say 'first' and 'second' but the intent is to complete these missions simultaneously – or as close thereto as possible. The second mission is to create a pleasant musical experience for the listener (and performer!) which is what I will often call *bringing something to the party*.
